Wag Hotel is a tenant in the Redwood City building Woodmont is now managing

Belmont, CA – Woodmont Real Estate Services Scott Pritchett, CPM® and President of the company's Commercial Division announced today that the property management firm has been awarded several new assignments to manage a half million square feet of office, retail and industrial properties in the past week.

The new accounts include nine buildings in multiple cities throughout the Bay Area, with the majority of it owned by MKD Investments, based in Richmond, CA.

"This is the first time that MKD, as an investor and commercial property operator, has outsourced the management of its commercial properties and we are honored that they put their trust and faith in Woodmont to manage an allocation of the company's assets. Our goals will clearly be to maintain positive relationships with building occupants and take care of the buildings and landscaping so the properties remain competitive and desirable to companies in the market for space," said Scott Pritchett.

The 500,000+ square feet of commercial property from three separate ownership entities includes office buildings in Daly City, Napa, Novato and Sunnyvale, industrial buildings in Redwood City, Petaluma and Santa Rosa, and retail properties in San Francisco and Petaluma.
